FICTIONAL MANUFACTURING PRODUCT - DEMO ONLY
VALVE-300 | SealPoint control valve
Category: Valve
Product overview

Modulates process-water flow using a pneumatic actuator.

Illustrative DN50 globe valve; stainless steel body; 4-20 mA positioner; PN16 pressure class.

FICTIONAL MANUFACTURING PRODUCT - DEMO ONLY
VALVE-300 | SealPoint control valve
Category: Valve
Applications and limitations

Automated water-flow regulation in production skids. Not a certified safety isolation device.

This is invented demo data, not a real manufacturer datasheet.

Do not use these specifications for selection, installation, or operation.
